Aspire Leaders Program Participant | Aspire Institute | 2025

Andela Technical Leadership Program (ATLP) Participant | Andela Rwanda | 2024

First Class Honors | Kigali Independent University (ULK) | 2024

RESEARCH & PUBLICATIONS

- MUCYO, P. (2024). *Design and Implementation of a Multi-Vendor E-Commerce Platform: A Case Study of Rwandan SMEs*. Bachelor's Thesis, Kigali Independent University (ULK), Gisenyi, Rwanda. Retrieved from <https://drepository.ulk.ac.rw/items/32d29a35-2f66-431a-ad3a-6d2c4785340b>

RELEVANT EXPERIENCE

HireMe Afrika Tech Ltd | Full-Stack Software Developer

Nov. 2025 - Present

Designed and maintained a recruitment platform that connects vetted African professionals and graduates with employers across multiple African countries. Developed scalable microservices and RESTful APIs using Next.js and Spring Boot and resolved frontend and backend issues to improve platform performance and user experience.

Nextline Hub Ltd | Founding Software Developer

Nov.2025 - Present

Led the development of a digital real estate platform that enables property owners, managers, developers, buyers, and renters to list, discover, and manage properties online. Designed scalable system architecture and secure backend services and collaborated on product strategy and feature development.

HB Lab Ltd | Full-Stack Software Developer & Trainer

May.2025 - Present

Developed software solutions for client projects and trained over 100 high school students and aspiring developers in software development and computer skills, preparing them for careers in technology.

GOPE Ltd | Full-Stack Software Developer

Dec.2024 - May 2025

Developed and supported ERP systems used for business-critical operations including accounting, payroll, inventory, sales, procurement, and human resources. Investigated system issues, analyzed user-reported problems, performed debugging, and implemented solutions to improve system reliability and workflow efficiency.

Andela | Trainee Full Stack Developer

Feb 2024 - Dec 2024

Completed six months of intensive training in full-stack software development and collaborated with distributed teams on real-world projects using modern web technologies. Completed a three-month apprenticeship and contributed to the development of DevPulse, an internal platform used to manage ATLP cohorts, teams, activities, and learning cycles.

LEADERSHIP EXPERIENCE & VOLUNTEER EXPERIENCE

Kigali Independent University (ULK), Gisenyi, Rwanda

Minister of ICT | August 2023 – August 2024

Promoted student participation in online boot camps and connected students with technology and entrepreneurship opportunities through Hanga Hub. Organized a computer science competition involving 20 selected students and recognized three winners for outstanding performance. Established a peer-mentorship initiative in which top-performing students supported classmates in completing their final-year projects and developing technical skills.

Hanga Hub, Rubavu, Rwanda

Volunteer Mentor | 2025

Assisted trainers during evening sessions and mentored trainees by sharing software development knowledge and professional skills gained through the Andela Technical Leadership Program (ATLP).

PROFESSIONAL ACTIVITIES

Completed, Business English for Confident Communication Program,
American Center Kigali, U.S. Embassy Kigali | 2026

Participant, Open Source and Artificial Intelligence Community Event, Kigali, Rwanda | 2026

Participant, Hanga Hub Entrepreneurship and Innovation Program, Rubavu, Rwanda | 2024

Participant, ReactJS Rwanda Community Mentorship Program | 2026

Participant, Andela Technical Leadership Program (ATLP), Andela Rwanda | 2024
